

ULCFORM

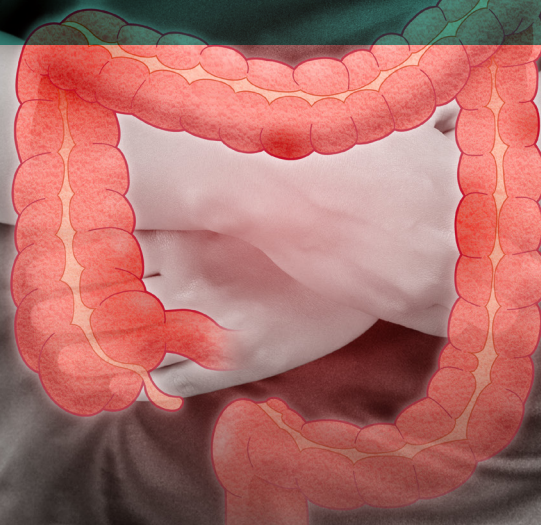

100 ml tincture

ULCERATIVE COLITIS FORMULA

Ulcerative Colitis is a condition that causes inflammation and ulceration of the inner lining of the rectum and colon (the large bowel). The inflammation usually begins in the rectum and lower colon, but it may affect the entire colon.

ULCFORM is a food supplement that helps promote relief of colitis.

PRODUCT INFORMATION

Ingredients:

Bayberry root bark (*Myrica cerifera*), Poke root (*Phytolacca denandra*), Marshmallow root (*Althea officinalis*), Red oak (*Quercus robur*)

Directions:

Take 35 drops x 3 times daily in a little water, away from food.

Do not exceed the recommended daily intake.

Food supplements should not be used as a substitute for a varied diet and healthy lifestyle.

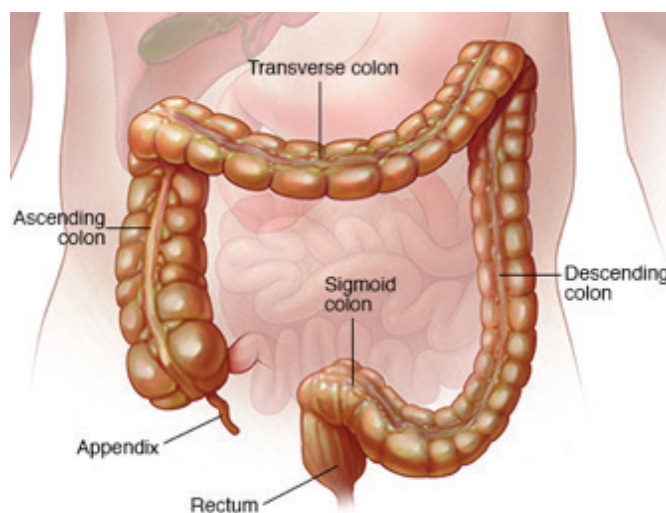

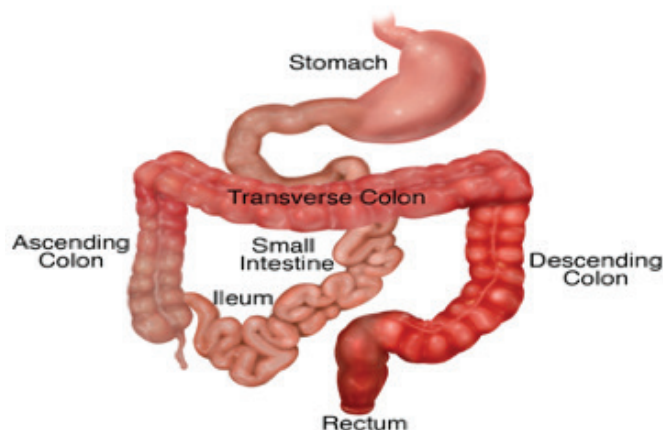

Do not take if pregnant or breast feeding.

ABOUT THE INGREDIENTS

- ✓ **Bayberry root bark (*Myrica cerifera*):** The active ingredient in Bayberry root is berberine that has been used to treat bacteria-associated diarrhoea, intestinal parasitic infections, and ocular trachoma infections for several decades.
- ✓ **Poke root (*Phytolacca denandra*):** Poke root is to help heal ulcers in the intestines.
- ✓ **Marshmallow root (*Althea officinalis*):** this herb contains mucilage that is believed to coat the inside of the stomach and intestines to reduce the inflammation caused by colitis. Its anti-inflammatory activity appears to potentiate the effects of topical steroids.
- ✓ **Red oak (*Quercus robur*):** Red oak is an astringent herb that tone and tighten the lining of the gut and prevent bleeding or fluid loss. It contains tannins which are antibacterial, anti-viral and anti-inflammatory.
